## Video Production

Aspiring Live Production Producer and Videographer with hands on experience in live event production, social media content, post-production and videography. Skilled in fast paced environments, teamwork and collaboration I have created high quality engaging content achieving over 100,00 views. Live Production and Videography is a passion and continuing to deliver high quality content will always be a target.

## Experience

February 2026

LMA

### Vision Mixer

- Vision mixed a 6 x 40 minute live musical theatre productions, creating seamless transitions between scenes for the "showcase" performances
- Coordinated with camera operators to capture key live moments and when the next scene was starting
- Demonstrating quick decision making in a fast paced environment I maintained a smooth live production

September 2025

Nabzys

### Videographer

- Filmed the opening event and behind the scenes content of the new Nabzy restaurant launch
- In this quick turn around live event, a lot of planning was in the moment being able to capture slow motion, talking to the camera and photos with the influencers and athletes
- Editing consisted of 3 short promotional adverts to be posted and many photos to be used throughout their social media platforms.

2024-2025

Eureka! Science +  
Discovery

### Social Media Content Creator

- Producing, creating, filming and editing short form video content for the Instagram and TikTok accounts
- Collaborating with staff across multiple locations and departments to include in trends and informative videos that was necessary for the audience
- Generating 100,000+ views with 35,000+ likes on the TikTok account and 6,000+ followers on the Instagram account
